# ABOUT US

Piranha is proudly a 100% Australian owned manufacturer and distributor of highly specialised products for the off road 4WD industry.

Piranha began as a family owned business. Traditional business values of excellent service and client satisfaction are essential to Piranha's business philosophy today. All staff take time to talk with you and advise on the best solution for your vehicle.

With over 30 years in the 4WD market, you are dealing with experts and leaders in the industry.

Today, Piranha has stores and distributors located throughout Australia with their main aim: to provide you with the best and most reliable products for your 4WD needs.

Piranha Off Road is a manufacturer and distributor of after-market off road accessories and other products. Piranha Off Road makes no representation that it has an affiliation with, or sponsorship or approval from, any car manufacturer. Any use of the names of car manufacturers or models are used only to describe the suitability of Piranha Off Road's products with the relevant manufacturer.

## 04 | PREMIUM ALUMINIUM UTE TRAYS

### AVAILABLE COLOURS

Mill Finish

Black

### OPTIONAL EXTRAS

- ✓ LED tail light upgrade pack
- ✓ Under tray toolboxes
- ✓ 35L slimline headboard potable water tank or under tray, non-potable 30L, 23L or 15L water tank
- ✓ Rear ladder rack
- ✓ Trundle drawer
- ✓ A wide range of lockable tool boxes and Alloy canopies

### Available in the following sizes:

- ✓ Dual Cab Ute (Shorter Tray) 1500Lx1825Wx260H
- ✓ Dual Cab Ute 1800L x 1825W x 260H
- ✓ Space Cab Ute 2100L x 1825W x 260H
- ✓ Single Cab Ute 2400L x 1825W x 260H

### FEATURES

- ✓ Integrated cargo tracks
- ✓ Built-in steel runners for trundle drawer mounting
- ✓ Heavy duty 3mm one-piece checker plate floor
- ✓ 250mm high sides, with TIG welded end caps
- ✓ 4 integrated lashing rings
- ✓ Laser cut safety mesh
- ✓ 76mm diameter headboard tube with ladder pins
- ✓ Mudguards with mudflaps
- ✓ Tail light protectors
- ✓ Heavy duty hinges
- ✓ Heavy duty mounting system
- ✓ Quick release over centre latches
- ✓ Continuous 32mm tie down rope rails

- ✓ Wide heavy duty undertray roller drawer - Optional extra

## 06 | STAINLESS STEEL CANOPIES

**White**

**Black**

### FEATURES

- ✓ Modular Design
- ✓ Stainless Steel Construction
- ✓ Stainless Steel Fasteners
- ✓ Weight - 80kg
- ✓ Automotive Grade 2k Coating
- ✓ Raptor Coated - Black / White Finish
- ✓ Compression Locks
- ✓ Integrated Positive Air Pressure System
- ✓ Full Size Gullwing Doors
- ✓ Front Slider Window
- ✓ Bonded Glass Windows
- ✓ Rear Brake Light
- ✓ Side Sliding Windows (Optional)
- ✓ Roof Mounts - Accessory Ready
- ✓ Dynamic Load Rating - 250kg
- ✓ Made In South Africa

### OPTIONAL EXTRAS

- ✓  Rear Window Safety Screen
- ✓  Side Door Storage Box
- ✓  Roof Mounted Table

**EXPERIENCE  
AUGMENTED  
REALITY**

**FRAMELESS TINTED REAR DOOR WINDOW WITH SLAM LOCK**

**SPORTS ROOF RAILS RATED TO 100KG LOAD CARRYING CAPACITY**

**REAR WINDOW DEMISTER**

**LED INTERIOR CABIN LIGHT (BATTERY OPERATED)**

## SECURITY

- ✓ PIRANHA CANOPIES are designed to be safe, reliable and secure.
- ✓ Comes standard with a high-quality 2-sided handle and key set, allowing you to lock the canopy with reassurance.
- ✓ Made and assembled with high-quality parts and raw materials which are controlled under ISO9000 and ISO14001, the canopies are durable, long lasting and protected.

- ✓ The PIRANHA canopy protects and shelters everything in the back.
- ✓ Strong & Lightweight  
Made with high quality 3-Layer fibreglass and reinforced composite.
- ✓ Non-Corrosive  
Able to resist temperatures up to 80C and below -20C.
- ✓ 4x lighter  
Easier to install and with its aerodynamic properties, much better on fuel.
- ✓ Smooth Surface  
Ensures the highest quality paint job to fit on your ute seamlessly.

**PIRANHA CANOPIES are custom painted to match the colour code of your car.**

**Please note:** the process of matching the colour code is not the same as colour matching. Due to environmental factors such as fading, we cannot guarantee the paint job will be the exact same paint colour as on your car. To get the closest match, we recommend leaving your fuel cap with us so we can get the closest match to your car. Call one of our branches shown on the inside cover for more information.

## FEATURES

- ✓ Integrated central locking system to rear window
- ✓ Integrated Spoiler with LED rear brake light
- ✓ Front sliding window
- ✓ Dark tinted rear and side windows.
- ✓ Key locking lifting side windows as standard, or a choice of sliding or combination of both included in the price
- ✓ Carpet lined interior for a clean modern look that prevents moisture build up
- ✓ Painted in Australia to match the vehicles colour code.

# AUXILIARY BATTERY SUPPORT TRAYS

Piranha have over 150 different battery trays

Piranha manufacture right here in Australia. We have the most extensive range of electroplated steel (not plastic) auxiliary trays of any company today and our products are engineered to high standards to ensure reliable operation in tough Australian conditions. Not only do we make auxiliary trays, we also manufacture replacement trays for some original equipment units.

## PIRANHA BATTERY TRAYS

Piranha battery trays are made of 2mm thick mild steel with a thick 8 to 12 micron zinc electroplate plus a Chromate Conversion (gold) electroplated top coat. Accessories for the tray (body washers and top mounts etc.) are also electroplated to the same standards.

This produces a remarkably strong and reliable tray made to the highest quality and standards.

Piranha have invested a large amount of time and money to produce the best battery trays at the cheapest possible prices. We manufacture over 150 trays for all major 4WD models, with detailed fitting instructions and support available. All trays come with a 2 year or 5 year, unlimited kilometre warranty (see warranty statement).

## WHY BUY A PIRANHA BATTERY TRAY?

### 1. THE LARGEST RANGE

The largest range of auxiliary battery trays in the southern hemisphere

### 2. PURPOSE BUILT

Over 150 purpose built trays specifically designed to fit your vehicle.

### 3. PLATED NOT PAINTED

Electroplated not painted or powder coated. Plating gives the best protection bar none.

### 4. FIT LARGEST CAPACITY AUXILIARY

Engineered to hold the largest Auxiliary battery that's safe to fit without compromising the structural integrity of your vehicle

### 5. HIGH QUALITY NUTS & BOLTS

High quality hardware, high tensile grade 8 nuts & bolts, quality J bolts & custom built top mounts to suit most trays.

### 6. FULL INSTRUCTIONS / TECH. SUPPORT

Full installation instruction sheets supplied and technical support available.

### 7. MADE IN AUSTRALIA WITH AUSTRALIA WIDE DISTRIBUTION

### 8. 2 YEAR UNLIMITED KM WARRANTY

2 year unlimited kilometre warranty (TRADE ONLY) - conditions apply.

### 9. 30 YEARS MANUFACTURING EXPERIENCE

Over 30 years manufacturing experience by a 100% Australian company.

### 10. GREAT VALUE FOR MONEY!

## PIRANHA DC-DC 30 AMP BATTERY CHARGER WITH SOLAR INPUT

The DBDC1230S DC to DC Booster Battery Charger is a 30 Amp, 3 stage unit with solar input to charge your auxiliary battery. With a metal case, sealed relays and special coatings to resist corrosion and water damage the DBDC1230S provides enhanced protection from moisture, vibration and dust.

Charge your lithium, sealed lead acid, vented lead acid, AGM or lead crystal batteries with selectable output voltages.

DBM5D

Dual Battery Monitor

This Dual Battery Monitor is designed to provide a guide indicating voltages on your Main and Auxiliary batteries in a dual battery set up or just a Main or just an Auxiliary when used in a single battery set up.

## LEAF SPRINGS

**1. THINNED DIAMOND CUT LEAF ENDS**  
for optimal ride performance and less friction.

**2. MILITARY WRAPS**  
for additional strength (where applicable).

**3. BOLT CLIPS**  
to prevent separation of leaves in articulated situations.

**4. ANTI-FRICTION LINERS**  
are installed between leaves to provide a consistent quiet and smooth ride.

**5. ANTI-FRICTION LINERS**  
installed to clip liners to reduce noise and vibrations caused from the use of the spring.

## Parabolic 4x4 Leaf Springs NOW AVAILABLE

The design of our Parabolic Leaf Spring allows for load-carrying capabilities without compromising on comfort whether loaded or unloaded. Designed specifically with the recreational 4x4 user in mind providing a 2-inch lift and perfectly suited for the vehicle that is used daily to cart the family and then getaway on the weekend camping and off-roading, they will also provide more articulation in an off-road situation; loaded or unloaded. Completed with clip liners and inserts between the springs for less noise and more comfort.

SUSPENSION PRODUCTS

## UPPER CONTROL ARMS

- Built in caster & camber correction for raised vehicles
- Fixed position heavy duty greasable ball joint
- Powdercoated steel construction
- Built in provisions for relocating OEM ABS lines (where required)
- Available for Ranger, D-MAX, Triton, Pajero Sport, Navara, Hilux, Fortuner and FG Cruiser

## COIL SPRINGS

- Made in Australia of high-stress X5K spring steel
- Finished in high-quality epoxy powder coat
- Shot peened, scragged and load tested to prevent spring sag
- Heat treated and rolled at heat
- Available in a number of different load carrying and height options

## 4WD SHOCK ABSORBERS

### ADJUSTABLE SHOCK ABSORBER

Piranha 4 Way Adjustable Gas Charged Shock Absorbers come with an alloy adjustable knob at the lower end of the body that allows you to configure your ride depending on your needs, so if your vehicles weight varies from day to day or you are after more refined dampening flexibility than an off the shelf shock absorber this is the shock absorber for you.

## 1. U-BOLTS

A very important part of the suspension on leaf spring vehicles are the u-bolts. These u-bolts effectively hold your leaf springs onto the differential housing, keeping everything together. It is important to replace the u-bolts when the springs are removed or replaced. U-bolts are made specific to your vehicle and spring combination and are finished with a zinc coating for superior corrosion resistance.

## 6. STEERING DAMPERS

The Steering Damper is the shock absorber of your steering. It is designed to dampen the shock load caused when your vehicle hits a hole or bump in the road, reducing the shimmy and vibration. Piranha Off Road offers high-quality foam cell Steering Dampers for a wide range of vehicles.

## 2. POLYURETHANE LEAF SPRING BUSHES

Piranha Off Road recommends Polyurethane bushes for use with our range of Shackles and Fixed pins. Designed and manufactured in Australia, these bushes feature grooves for grease distribution and retention providing an extended life for all of the moving components.

## 7. STRUT MOUNTS

Piranha offers replacement Strut Mounts for a wide range of vehicles, manufactured as a direct replacement to the original.

## 3. GREASABLE SHACKLES

Greasable swing Shackles are an important part of the leaf spring suspension system. They attach to one end of the spring allowing for the leaf spring to work through length changes during suspension articulation. Shackles are made of high-quality steel and are Zinc coated for superior corrosion resistance. By being greasable, they offer extended life. These are always best used with our Polyurethane Bushes.

## 4. GREASABLE FIXED PIN

The Greasable Fixed Pin is used to attach the leaf spring to the vehicle at the opposite end to the swing Shackle. Our Greasable Fixed Pins are made of high-quality steel, then Zinc coated for superior corrosion resistance and for extended life. These are always best used with our Polyurethane bushes.

## 5. TORSION BARS

Piranha Torsion Bars offer an increased rate over factory torsion bars, which will also deal with the additional accessories fitted to your vehicle.

# LIGHT BARS

Lightbars are a very popular alternative choice these days and not only for 4WD drivers – road cars, boats, ATV's, agricultural equipment – wherever powerful light in a compact format is required. Many people are opting for one light bar being fitted on a nudge bar or bumper on street driven vehicles for safer vision at night. Light bars provide outstanding light, whilst being small enough to fit on most vehicles.

It's not just how good these light bars look; it's what goes in them that makes them special. These lights are good for the usual 12 volts, or trucks running 24 volt electricals. The thermal management system provides maximum light whilst protecting the light from overheating. EMC/EMI suppression means no radio or other electrical interference will impact the driving experience.

Piranha's ethos of 'rugged and reliable' holds true with these light bars. They are built tough with die-cast aluminium housings, OSRAM chips, excellent curved reflector design, high impact sleek rimless design polycarbonate lenses and black powder coated stainless steel mounting brackets and stainless steel bolts included.

There are two light bar lengths available – 22-inch and 30-inch, both in 'combo' beam patterns. This combined pattern gives best of both worlds – serious light down the road and more than decent spread out to the sides.

In fact, the bigger 30-inch unit pushes 1 Lux of light over 925 metres, whilst the smaller 22-inch light has a still impressive range of just over 800 metres @ 1 Lux. That's comparable to or better than some dedicated driving lights!

## FAST LOCK

What is Fast Lock?

Fast Lock is a recessed drop T lock with an integrated electrically controlled lock/unlock system that can be made to function with the existing vehicle remote central locking system or with an independent central locking module.

**Fast Lock Locking System** is unique and Internationally Patented. The technology has been tried, tested and proven as a device that will give peace of mind.

- IP65 Certified – Rain, Dust and Dirt Proof.
- Integrated Design – Internationally Patented.
- Electric motor actuator multi-volt 12-24V to locking mechanism on key barrel.
- Plug and play harness to electric motor to attach to central locking.
- Plugs are compatible with most aftermarket central locking systems.
- Compact and durable.
- Quick installation without dismantling the lock.
- 3 Point locking available, if required.
- Can use key to over-ride manually, if required.
- Concealed stud fix security.
- Assembled and tested in Australia.
- Warranty – 24 Months.
- Straight tongue or bent tongue options available.

Add central locking to your tool box or canopy!

**FL-244-1-K410**
